

Marialy Pacheco Trio “RELOAD”

Marialy Pacheco – Piano

Juan Camilo Villa – Bass

Miguel Altamar – Drums

With “RELOAD”, Marialy Pacheco is dropping her twelfth album and her actually most touching and mature work and project. Her cuban roots are growing in the direction of Latin American traditions and the influences from classical music. The music is authentic and yet contemporary and she is accompanied congenially by the two musicians from Colombia, Juan Camillo Villa on bass and Miguel Altamar on drums. The sum of these line up and the many musical parts are unique and expresses, in particular, Marialy’s artistic character, making her feelings immediately accessible to each and everyone who listens to her music. “RELOAD” is a melting-pot of various musical identities and a treasure trove of many life experiences
